

Architects Selected  
By Hospital Board

At a meeting of the full Board of the Southwestern PB County Hospital District Tuesday, agreement was reached with the Miami firm of Connel-Pierce, Garland and Friedman, Architects for professional services to the Board.

It is announced that Chester Cone, Belle Glade Architect is a full member of the firm in this employment.

The firm is already busy with the details of design and specifications for the proposed \$1,200,000 unit of 75 beds, completely new and modern.

In the next three issues of THE HERALD the public will be given more details of the proposal of the Board, so that everyone will be informed.

The vote on the proposed bond issue from which the Board expects to secure the money for matching Hill-Burton funds will be held on November 6th, along with the general election.

The Fiscal Agents for the Board, Sullivan, Nelson and Goss, are preparing information concerning the probable taxes for the overall building and operation of the hospital.

Important Meeting On Production,  
Marketing Of Feeder Calves Oct. 11

Manager George Young announces a very important meeting on the production and marketing of Feeder Calves at the auditorium of Palm Beach County, Thursday night Oct. 11 at 8 p. m.

FPCA Gains  
\$1.4 Million  
In Last Quarter

The Farmers Production Credit Association whose area of activity covers nine southeast Florida counties, including the Glades area of Palm Beach County, publishes a statement in this issue which shows a gain of \$1,470,500 in assets for the period of June 30, September 30th, 1962.

The Capital Stock has risen approximately \$31,000. Surplus around \$25,000. The intermediate Credit Bank's Cash on hand have risen nearly \$69,000.

Loans by the Association now total \$8,433,905 for a rise during the period of \$1,350,000.

While there are no figures at hand, it is conceded that the "sugaring" of the figures has resulted substantially from sugar production in the Glades.

The institution advertises "a credit cooperative, completely owned and operated by farmer and rancher members" and it is.

While the operation had a "hand" from the Great Give-Away Father in Washington, it was not given GRANT nor AID—it was a loan which has been repaid with interest.

The operation is a monument to the ability of South Florida farmers to "make their own" and do a farm credit business among themselves with security pleasing to the "fish eye" of city financial groups.

Parking Meters  
Strictly Effective  
Beginning Oct. 15th

City Manager Owen announces that regulations concerning parking meters will become strictly enforced beginning October 15.

"In order to secure the benefit to drivers and to merchants says the City Manager, "we will enforce the regulations, as is customarily done during the season of most activity."

"We hope the public will cooperate to make driving and parking less burdensome on the crowded streets of Belle Glade."

Belle Glade Roms  
Stuart 26 To 0

A stubborn Belle Glade defense stood off the most serious threat to its goal line Friday night and went on to beat Stuart 26-0 to remain undefeated and unscathed upon.

Stuart lost no time in testing the Rams' mettle. Quarterback Rusty Bond hit on two passes to Ken Foote and Don Husander plus a Belle Glade penalty to give Stuart a second and goal situation on the Rams two yard line.

Spooner and Kruse penetrated on the next play to throw Stuart back to the five. A fourth down pass play was batted down and after that it was all Belle Glade.

Roy Hayes started the parade by intercepting Bond's pass and going 40 yards to score. Still in the second quarter, Close pitched to Holt on the option for a 65 yarding play. Unfortunately an illegal procedure penalty brought it back. The score at the half was 6-0.

After the half Kruse blocked a Stuart punt and Spooner recovered at the Stuart 25. Five (Continued On Page Eight)

## Go, Rams, Go

Belle Glade Rams One Of Four  
Unbeaten Teams In Conference

Four unbeaten teams in the Suncoast Conference meet this week and, barring upsets, the situation should remain unchanged for yet another week until the quarter begins kicking amongst themselves week after next.

Seacrest, Lake Worth, Belle Glade and Pahokee, the latter two doing surprisingly well so far, all will be decided favorites on the four-game conference schedule slated next Friday night. Seacrest invaded Belle Glade 4-0 and still unscathed, while Clewiston is the direct opposite although it has been blanked only once. Pahokee also has dumped four straight opponents while Ft. Pierce finally scored last week to bring its record to 1-1-1. Not as strong as a year ago when it was pennant-bound, Seacrest may have the toughest time as the underclassmen-laden Tigers eye a rebound in familiar surroundings where they surprised with two opening successes.

Two non-league matches Friday send Riviera Beach to Palm Beach and Vero Beach to arch-rival Ft. Pierce.

Pahokee grabbed undisputed first place last Friday with a sturdy defensive show and 9-0 triumph over invading Forest Hill, all points coming in the last period. Belle Glade held second place with a 26-0 romp over unbeaten Stuart as the Rams ran two intercepted passes for touchdowns.

Lake Worth initiated its league action with a 39-12 breeze over Seacrest and pulled out at Riviera. Harry Jorgensen and Fred Mayer each hit paydirt twice and Mayor booted three touchdowns. Seacrest's Shannon Miller tallied twice as McCarthy Miller ended its scoring drought with a 14-6 victory over winless Clewiston.

In a pair of non-league encounters, Palm Beach invaded Seacrest and pulled out a 13-7 win in the 4th period, and winless Vero kept Jacksonville from that way with a 25-6 decision.

W L T  
Pahokee 3 0 0  
Belle Glade 2 0 0  
Lake Worth 2 0 1  
Seacrest 2 1 0  
Stuart 1 2 1  
Forest Hill 0 2 0  
Clewiston 0 2 0  
Riviera Beach 0 4 0

Coming activities include an after breakfast social, the District Meeting in Lake Worth in February and the State Convention in May. The Employee-Banquet will be held in the Spring.

Stuart and their training places are:  
Roy Redsole — Blackwell Machine Shop (welder); Robert Brane — Everglades Experimental Station (Lab and Field Assistant); Sandra Glisson — Thibaults (C. Mechanic).

Demolay Chapter  
Elects Officers

The Lake Okechobee Chapter Order of Demolay elected new officers at the regular meeting Monday night. Elected for the coming year were Gary Clark, Master Counselor; Willie LePelle, Senior Counselor; A. J. Walker, Junior Counselor. A public installation will be conducted at the next meeting Oct. 22.

The Chapter is continuing the sale of 50 star flags and also voted to present flags to two new Cub Scout Dens of Pack 622.

(Continued On Page Eight)

## "Never Injured"

One of our main standstays for almost two years has been Hub Spooner. "He plays more each ball game than any boy we have," Coach Burke said. "Very seldom do we get him out of a game." Hub plays tackle on offense and on defense is middle guard. He is a good strong boy and has never been injured, the coach went on to report.

In last Friday night's game with Stuart he was outstanding on defense and recovered a fumble punt that led to the Rams second touchdown. Hub is also an above average student and well thought of by the teachers and entire student body as well.

Every year he looks forward to the Ram's game with Clewiston, as he once lived there and this game presents a special challenge.

## HUB SPOONER

At the monthly meeting of the Women's Hospital Auxiliary Tuesday in the hospital lounge, the President Mrs. David Bailie, reminded the ladies of Article IV of the by-laws and appointed a nominating committee to report at the next meeting.

In her address Mrs. Bailie stressed the definition of a volunteer as one who offered himself for service voluntarily, but who was then subject to discipline and regulation of others. She mentioned six things necessary to make a good volunteer.

1. Genuine interest and a desire to bring happiness.  
2. A determination to help others.  
3. An enthusiasm.  
4. Dependableness.  
5. A determination to carry through a job.  
6. Tolerance.

Continuing Mrs. Bailie informed the members that a certain leprosy has attacked the Community and reminded them, as volunteers, they should work hard to remove it.

Program On Heart  
Guest speaker for the meeting was Mrs. Guy D. Wood, Florida representative of the Heart Association. Her informative article on the heart structure and its work was heard intently and much appreciated. She also (Continued On Page Eight)

Receipts At Belle Glade Post Office  
Tripled In 10 Year Period Ending '61

Belle Glade's new post office will be dedicated at 3:30 p. m. on October 21, Postmaster Nash announced today.

The new facility, located at 149 S. E. Avenue D, is part of the Post Office Department's lease construction program, the local postmaster explained.

Under this program, investment financing is used to obtain needed facilities which remain under private ownership. Federal local taxes to this community, and are leased to the Federal Government.

At the same time, the need for large outlays of money from the Federal Treasury for construction purposes is eliminated.

Like most of the new post buildings that are going up across the country, this post office is leased to the Post Office Department. This gives the Department some flexibility in adapting its building program to changes in mail volume, transportation and population, Postmaster Nash said.

The Department is now concentrating on constructing new postal units only where they are most urgently needed. In areas where it is practical to do so, existing buildings are undergoing renovation.

"The fact that Belle Glade has been chosen for a new post office," Postmaster Nash said, "reflects credit on our growing contribution to the economy and life of the nation."

"The new facility," she added "will be a link with a postal system that today has over 45,000 post offices and serves more than 180 million Americans and handles over two-thirds of the world's mail. Our \$80,000 postal employees are handling about 65 billion pieces of mail a year, including over a billion parcels," the postmaster added.

"National production increases will add nearly 3,000,000 people to the nation's population in 12 months, with about one and a half million marriages and the establishment of 663,000 new households, including many in this community," the postmaster noted. "This will be reflected in increasing demands for more postal service here," she explained.

Eugene Norton, 41 of Roof Gardens, a passenger, escaped through a window. The report indicates that the car rolled down an eight foot embankment into about four feet of water.

Taylor Funeral Home has charge of funeral arrangements.

Chamber Of Com.  
Reports 203 Mem.

Four New Directors

1. L. Price Farmer, reports that there are 203 paid-up members in the Chamber of Commerce, with a probable 15 more.

Four new Directors have been elected and will assume their positions on October 23rd, when officers for the coming year will select new members.

The twelve directors who will be responsible for next year's activities are: Wm. Bailey, Claude Wiley, Kelly Willis, Dr. J. L. Grady, Chris Figueroa, Robert Lee, Avery Bass, Curtis Thompson, Jr., Solle Corbin, Marvin Smith, M. J. Luce and Dannis Wallis.

The public is invited to attend the dedication ceremony and open house which follows.

What's In A Name?

There's a \$50 and a \$25 bond, plus a \$5 bill for the successful three in a contest to NAME THE NEW HOSPITAL of the Southwestern PB County Hospital District.

The Board has issued the following rules and regulations governing the NAME CONTEST:

1. The decision of the Judges will be final, and all matter submitted will be the exclusive property of the Board.  
2. Deadline for submitting suggestions is October 27th, with the postmark determining date of submission — in case of a tie, the earliest postmarked will be the winner.  
3. Only residents within the borders of the Southwestern Palm Beach County Hospital District may compete.  
No member of the Board, or employees of the Board, nor their immediate families may compete, nor a member of the immediate families of any Judge.  
4. Suggestions will be mailed to the Southwestern Palm Beach County Hospital Board, Box 765, or may be left at the office of THE HERALD. If left in person be sure that the one who accepts notes on the envelope, unopened, the time and date of delivery.

As the NEW HOSPITAL will serve the territory from the Belle Glade area around the southern end of the Lake from the east line of the District to the County line on the west and southward to the Broward County Line, it is desired that a name all-inclusive be considered.

## CO-Operators View A Package Of Their Handiwork

President Homer G. Smith, of the Central Bank for Cooperatives, Washington D. C. (3rd from left) headed a group of Bank for Cooperatives executives in a visit with George Wedgworth (on Smith's left), President of the Glades Sugar House and his associates.

Richard Bonney (1 to r), Assistant VP of the Columbia Bank for Cooperatives, Pete McIntyre, Agricultural Manager for the local firm, Smith and Wedgworth, B. F. Viethman, VP and Sec. of the Central Bank, Enrique Arias of the Farrell-Birmingham organization, W. J. Miller General Manager of the local Co-op, Norman Barrett, VP and Treas. of the Columbia Bank, Al Weber Chief Engineer for the Co-op, Bob Appleton, VP of the Glades Sugar Co-op, Bill Hopkins, Asst. VP of the Central Bank, Billy Rogers, Director Chas. Modest, Comptroller and Bob Lee, Personnel and Public Relations Director for the Glades Co-op.

It was a full day of seeing and being enlightened for those most important gentlemen who are responsible for granting of the major part of the financing of this new \$12,500,000 sugar factory.

toured the entire plant. After a delightful lunch in the board room the visitors were taken by automobile and given a first hand view of most of the sugar cane that will be ground by the mill.

over 4 for the purpose of looking over the large plant and its facilities as it nears completion. The bank officials after a meeting in the board room where president George Wedgworth discussed construction progress and various other areas.

## Agriculturally Speaking

By John Causey  
Assistant County Agent

Your editor has asked the County Agent's Office to present a column each week to the readers of the BELLE GLADE HERALD about the happenings in the Glades of Palm Beach County.

We expect each week to report the activities of farming interest along with something for the homemaker and the flower gardener.

As this is our first attempt we will be pleased to hear from you with any suggestions.

First, I would like to remind you that the monthly vegetable Growers Coffees have started and are scheduled for the first Wednesday morning of the month, alternating between Pahokee and Belle Glade. The November meeting will be in Belle Glade.

The first farming in the Glades began around the rim of the Lake on the Cuscuta Apple, and it was not until the Everglades Experiment Station discovered the use of copper on the sawgrass peat that farming on the sawgrass land was successful.

The research was done a number of years ago and has allowed our vegetable, sugar cane and livestock industries to expand and develop on this type of soil.

Why, you might ask, is this important today? Well, with the vast expansion of our sugar cane plantings on the farmer as well as outer lands much new land has been brought into production for both vegetables and sugar cane production.

At our first meeting of vegetable growers this fall, fertilization of new land and the copper requirement of this soil was discussed by Dr. W. T. Forsee of the Everglades Experiment Station.

Here is a summary on this important subject.

On new land it is necessary to add the equivalent of 50 pounds per acre of copper sulphate (about 25 pounds per acre of copper oxide) by thorough incorporation into the soil. Copper in the fertilizer broadcast on top of the soil followed by a light disking is not sufficient. Copper can be applied to new land after first plowing and leveling operations have been completed. Careful aerial application is alright; subsequent cultivation will work the copper into the soil.

Copper can be applied in broadcast fertilizer which is worked through into the soil in the following farming operations. Copper applied in bands (especially for corn) on new lands usually is not satisfactory. It is better to put part of the fertilizer down broadcast and part in bands. Copper can be sprayed on the soil surface and then worked in.

The amount of copper can be reduced if the crops to be grown will get copper pesticide spray. If you're interested, the County Agent's Office has Fla. Experiment Station Bulletin 552 which discusses copper oxide use in fertilizer and we will mail it to you or you may pick it up in person.

Soon, it will be time to prepare your rose beds and to purchase the plants, as well as to prepare your beds for annuals. Soil samples should be taken in advance of plantings and if the PH needs adjusting, before planting is the time.

We will be glad to discuss this with you if given the opportunity.

## What's The Shape Of Things To Come

### In School Buildings And Teaching?

Windowless, ungraded, no report cards — is this SCHOOL? It may very well be the school of the future, say education authorities at the National Education Association, pointing to various experimental studies now underway on schoolbuilding design, teaching tools, changes in the curriculum. Here are some of them:

Windowless schools: studies are underway in several places to determine whether schools without windows help students to concentrate.

Classrooms of different sizes: if the "team teaching" method becomes popular — the method in which a group of specialized teachers takes responsibility for a large class — school buildings will have to be changed. Team teaching will require large rooms for use when the entire class goes together, and smaller rooms for specialized small group instruction.

Television: an increasing number of schools are using it now as a teaching aid. This way a special teacher in, say, foreign language or science, can teach a number of children at one time.

Teaching Machines: they may find a greater use, depending on the outcome of continuing studies on their effectiveness and that of the material they use to break down student into small steps that it becomes easy for a student to understand.

Films and slides: these already are being used and extending their use, intuitively, as teachers find they save explanation and lecture time.

Topic recorders: especially helpful in teaching foreign languages, recorders now are being used in conjunction with slides and films to provide a running commentary for the ear to match the visual stimulus to the eye.

Opaque projectors, calculating machines, electronic lab kits, even small digital computers: all are finding a place in the modern classroom, but not without some healthy skepticism.

Subject matter: for several years, educators have recognized that the accumulation of knowledge is increasing so fast that teachers cannot teach — nor students learn all the facts there are to know in a given area. So subject matter teaching — in math, for example — is being taught so students will understand the theory behind the facts. And, along with this

## Port Of Belle Glade - - -

# Expanded Facilities Asked By City

"Now would appear to be the time" the City of Belle Glade says to Manager Joel Wilcox, of the Port of Palm Beach, in transmitting a copy of its resolution requesting a feasibility study on expanding facilities of the Port of Belle Glade on the land side of the Hoover Dam, near its intersection with State Road 717."

The City Manager reminded Mr. Wilcox of the assurances "many times that it (Port of Palm Beach) is ready, willing and able to do whatever is necessary to assist the Port of Belle Glade."

Pointing out that there is a guaranteed depth of eight feet both to the Gulf and the Atlantic through the Okeechobee Waterway, the resolution suggests the need of additional facilities to handle the machinery and supplies imports of the 120-million-dollar sugar industry generally located at the southern end of the Lake.

Capacities of the operating mills in the service area of the proposed improved Port of Belle Glade indicate the necessity of moving 350,000-plus tons of raw sugar, as well as 18-20 million gallons of blackstrap.

"The Port of Palm Beach facilities are located — over some fifty miles distance from the sugar-producing lands necessitating prohibitive costs to reach those facilities," says the resolution.

The Belle Glade Commission, which is the "one and only" highway to the Port of Palm Beach will be most costly to the mill owners — will harmfully affect all routes in West Palm Beach — and will unduly interfere with said communities' tourist economy." When asked about taking some

of the golf-club land for the proposed addition to the Port, City Manager Owen replied that steps are being taken to acquire additional land east of the club. Estimating transportation costs of raw sugar at \$7-8 per ton, it is easy to see that freight charges involved in getting the Glades raw sugar to a refinery will amount to near Two and a Quarter million annually.

Getting rid of the blackstrap calls for moving some 100,000 tons. Demonstrations of the practical use of the Glades Port have already been given, and two more barge have arrived with field harvesting machinery for half dozen growers including the Glades Sugar House Coop. Many local farmers are convinced that when adequate dockage, storage and other facilities are provided, the local Port will see fertilizers, crates and machinery, using water transportation.

Belle Glade's check was for \$7,640.

217 Of 414 Children On Welfare Assistance Are In Foster Homes

Reverend Paul M. Cassen, chairman of District 10, Welfare Board of the State Department of Public Welfare, reported that in Palm Beach County 675 persons were assisted in the four categories of public assistance for the month of September 1952.

A total of 1,949 persons received Old Age Assistance in the amount of \$67,272. 108 persons received Aid to the Blind, totaling \$6,386. 996 families, representing 3,182 children, received Aid to Dependent Children in the amount of \$63,478. 362 persons received Aid to the Disabled in the amount of \$20,957.

In addition 414 children received service during the month 217 of whom were in foster homes. The total state and local cost for these child welfare services was \$13,173.10.

There were 8 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placing agency, and the Welfare Board is responsible according to law to make these reports to the court.

The Glades is represented on the District Welfare Board by Mrs. M. H. Bleach of Pahokee.

**Parents Are Invited School Lunch Week Observance Oct. 14-20 At South Bay**

School Lunch Week will be observed throughout Florida—Oct. 14-20, and the South Bay School would like to invite all parents to inspect and also eat in our cafeteria. We are offering the following menu for the School Lunch Week:

**MONDAY** - Hamburg on Bun, Pickles, B. Corn, Fruit Cup.

**TUESDAY** - Baked Ham, Rice with Gravy, Turnip Green

**Special Guests Attend OES Meet**

At the first fall meeting of Order of Eastern Star Chapter 197 on Tuesday night at the Masonic Temple, Mrs. Freda McEwen, of West Palm Beach, past grand matron, now grand secretary of the state of Florida was honored. Mrs. Faye Greer, worthy matron presided.

A humorous program about secretaries was presented by Mrs. Peggy Parson and a gift from the chapter was presented Mrs. McEwen, who spoke on the work of Eastern Star.

R. K. McEwen, husband of Mrs. McEwen, District Grand Master for the Masonic District, was introduced and welcomed along with other special guests from out of town Mrs. Helen Moss, Boynton Beach, Mrs. Virginia Bixler, Mr. Bixler, West Palm Beach, Mrs. Mary Syrett, Lake Worth, Mrs. Georgia Swatter, WPB and Mrs. Florie Mix Pahokee. Other members were present from West Palm Beach and Pahokee. Mr. McEwen brought greetings from the grand master and told of the needs of the Masonic Home and work being done.

The altar was draped for 30 days in memorial to Mrs. Emily Jeffries, worthy grand matron, from 1920-21, who died last month.

During the business meeting, Mrs. Bessie Lyons was appointed by the worthy matron to serve on the State Arthritis and Rheumatism Committee; invitations were read inviting the chapter to Pahokee for the official inspection of Mrs. Ethel Keller, associate grand conductor; to the Bethlehem Chapter 169, St. Petersburg, Sat. Nov. 3 for the worthy grand matron's visit. Mrs. Mary McGraw gave a report on her European trip. Members were urged to study for proficiency test beginning Tuesday, Oct. 9 at the home of Mrs. Evelyn Allen, grand instructor District 18. Studies will continue until tentative date of Nov. 17 All members were urged to also attend Rally Day at the Masonic Home at St. Petersburg Sunday Nov. 4.

At the Oct. 18 meeting, after a short amount of business, members may be dismissed to attend the meeting in Pahokee. Following the meeting refreshments were served by the committee, Mr. and Mrs. T. B. Johnson.

Glazed Sweet Potato, Yeast Rolls with Butter and Honey.

**WEDNESDAY** - Spaghetti with meat sauce, Sliced Cheese, Toss Salad, Sliced Cantelope, Peanut Butter Jelly Sandwich.

**THURSDAY** - Bake Beans with Wieners, Cole Slaw, Fritos Jello, Cookie, Bread with Butter

**FRIDAY** - Tuna Fish Salad on Lettuce, Potato Chips, English Peas, Orange Juice Bar, Bread with Butter.

This is a typical menu for the South Bay School known as a Type "A" Lunch which contain all the nutrition that a growing child will need. Protein-rich foods, vegetables and Fruits, enriched and whole grain bread cereal with milk-cheese-butter and other dairy products. This year for the first time we have installed a mid-morning milk break for the primary grades, the cost of the half pint of milk is 2c.

We urge all parent to encour-

age their child to eat a Type "A" lunch every day. It is nutritionally adequate and is the most economical way to build strong, sturdy bodies. Most of our pupils (87 percent) eat with us every day. If your child is one who doesn't won't you start him today.

We are fortunate in being able to offer fresh vegetables through the winter season thanks to such contributors as the South Bay Growers, Frank Wilson, Floyd Wilder, James Summerlin and members of the South Bay P. T. A. who help us prepare some of these vegetables for our freezer.

# CHURCH NEWS

KATHLEEN LIVINGSTON, Church Editor

## Witnesses Plan Lauderdale Assembly

### Alliance Church Begins Sunday School Crusade

At the Christian and Missionary Alliance Church, a Sunday School Crusade is underway. It began Oct. 7 and will continue through Nov. 7. All departments are participating and it is hoped to increase the Sunday School attendance by 15 percent.

The Church is celebrating its 75th anniversary and also the 75th year of the Crusade.

The Belle Glade Missionary Alliance Church has presented and outstanding book written by Russell Hill titled "Canaan Valley" to the Belle Glade Library. The author of the book, visited the Christian and Missionary Alliance Mission fields in the wilds of New Guinea in what was the area of Shangri La Valley in second world war to get the facts for his book. The churches missionary efforts began in 1953.

### Church Of Christ News

NEW CLASS — Sunday night 7 p. m.

YOUNG PEOPLE — Songs—Bible Drills — Lessons on The Christian Soldier.

TIME CHANGE — Know Bible — Channel 12 WEAT-TV Saturday 1:30 p. m.

You are cordially invited to attend all the services at the Belle Glade Church of Christ.

### Sermon Topics

COMMUNITY METHODIST CHURCH — "Blessed are the Peacemakers" will be the morning sermon topic of Rev. W. R. Boland. In the evening his message will be "The Christians Prayer Life."

CHURCH OF CHRIST — "Are All Religious People Christians?" will be the subject of Harry Darrow, Jr., evangelist at the Sunday morning service and his evening sermon will be on "Mary's Example."

FIRST BAPTIST CHURCH, SOUTH BAY — Rev. G. A. Ratteries of Jacksonville will be the visiting minister at the morning service and Rev. James Fenton, pastor will speak on "Why No Revival" at the Sunday night service.

Tentative plans are being made for a three-day circuit assembly of Jehovah's witnesses in Ft. Lauderdale early in November, according to Joseph P. Dixon, presiding minister of the Belle Glade congregation.

Reflecting on past conventions held in Florida Circuit No. 6, including April's Pompano Beach meeting, where 2,000 heard the featured discourse, Dixon stated: "These three-day gatherings are refreshing and spiritually uplifting. They assist Christian families to be more efficient teachers in spreading the Word of Life, the Bible."

Dixon said that approximately 1,800 delegates from 22 Southeast Florida congregations will be represented at the Lauderdale assembly.

### Methodist To Hold Quarterly Conference

The first Quarterly Conference meeting will be held Tuesday Oct. 16 at 7:30 p. m. at Community Methodist Church, Laurie G. Ray, new district Supt., will conduct the business of the church and all reports will be made at this time.

Last Sunday night all Sunday school teachers, numbering more than 100 were installed during the evening service. Following the service a reception was held in the church parlor for the teachers.

### Visitor's Day Program At Adventist Church

Visitors to the Adventist Church this Sabbath, October 13, will be treated to a special program in their honor, conducted by the Sabbath School (9:30-11:00) says Mrs. Sarah Norman, Superintendent of the day.

The Worship Service (11:15-12:15) will include a message by the pastor: "Christ, the Source of Sound Doctrine." The Worship hour has been set 15 minutes later to allow the Pastor time to conduct worship in Okeechobee first then drive to Belle Glade for this service.

The celebration of Holy Communion, previously planned for next Sabbath, has been postponed to the following Sabbath to allow extra time for the Visitor's Day program.

Varied Program of Recreation at Ocoola Center is carried on each Monday and Friday afternoon including table games. Here Mrs. Kay Rittenhouse, whose husband Wilbur Rittenhouse is in charge of the Brethren Service Project, is shown playing games with Janice Booth and Kenny King. At far end of table are Francisco Esparsa and Debbie Rogers.

Ocoola Nursery has opened for the 1952-53 season. Mrs. Ruby Atkinson is again directing the nursery throughout the day and Mrs. Mary Whitlock is helping. Thanks to a response of parents and a generous gift from the Civilians there will be cots for the children to sleep on this winter.

Jerry Simmons, a volunteer from Bridgewater, Virginia, has arrived to drive the county clinic car. He will be working with the Health and Welfare Departments, driving patients to West Palm Beach each day.

Heidi Sipes, another volunteer from Stuttgart Germany, is entering into activities at the Nursery too. She is starting an archery club for girls and helping in the nursery. Mel Pentaco and Clare LaCost from Springfield, Ohio and Wiley, Colorado are continuing their work this season, helping with cots, nursery and recreation.

There is a varied program of recreation each Monday and Friday afternoon including table games, high jump, softball, football, croquet basketball and badminton.

The Senior Hi youth group meets each Monday evening at 7:30. The Junior Hi group meets at the same time on Tuesday. Sunday School begins each Sunday morning at 9:15. All children who do not attend a Sunday School are invited. All will be encouraged to attend established churches in Belle Glade.

You are invited to visit the Nursery Building if you have an opportunity.

### Adventist Church Services Changed

"This made me feel like an old-time circuit rider — with-out a horse," commented Pastor Wilkinson, of the local Adventist Church.

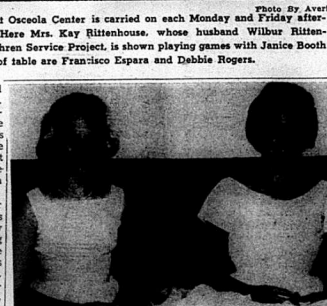

The Church Board has approved a change in the Sabbath Worship schedule that permits the Pastor to conduct worship and preach in Okeechobee at 9:00-10:00 a. m., then hurry to Belle Glade for an 11:15-12:15 service.

Sabbath School is conducted in Okeechobee after he leaves and in Belle Glade before he arrives. This means beginning a half hour earlier in Okeechobee, but several members said they appreciated getting out at 11:30.

"It has worked out well the last two Sabbaths," the Pastor said. "I only hope the Port Mayaca bridge is open when I come through."

Does anyone at Port Mayaca have a spare boat — and a fast horse?

## Read Want Ads

NEW RAINBOW GIRLS — Linda Hollingsworth, left and Dianne Lutz were initiated into the Order of the Rainbow Assembly at a recent meeting. Kay Gilbert, worthy adviser, presided.

### Altar Society

#### Chairmen Named

The President of the St. Phillips Altar Society wishes to thank each out-going committee chairman for many jobs well done.

In a typical parish or local organization, it seems to be the general pattern that there is a group of members (usually small) who can be depended upon to do anything and everything. The president of any given organization counts herself lucky when she has a nucleus of fellow officers and committee chairman of everything the organization sponsors.

The new chairmen for this year are: Flowers and Altar, Mrs. Joe Murphy; Church Cleaning, Mrs. Bernardo Gomez; Altar Linens, Mrs. Rosa Nash; Catholic Charities and Foreign Relief, Mrs. Joe Boyd; Musical Director and Parliamentarian, Mrs. Vernon Dexter; Religious Articles, Libraries and Literature, Mrs. John Grady; Civil Defense, Mrs. William Reese; Public Relations and Programs, Mrs. Donald Fisher; Ways and Means and Store Room, Open: Spiritual Development and Religious Education, Mrs. J. A. Pike; Publicity, Mrs. R. A. Cameron; Membership, Executive Board and Everyone: Hostess Committee, Mrs. E. A. McCabe; Civic Participation, Miss Jackie Amador; Transportation, Mrs. Carl Lockmiller.

Should any Catholic woman desire to be a chairman this year, there are still two vacancies (Ways and Means and Store room) to be filled. For information regarding either vacancy, call Mrs. Chas. Duxberry WY 6-5889.

The first rummage sale of the season is Oct. 27. Everyone may deposit their offering in the big box on the south side of the parish hall beginning Oct. 20.

THE CLARA CIRCLE met with Mrs. Jess Livingston Tuesday, Mrs. Don Assey chairman presided. Mrs. F. C. Schoenfeld gave the devotion on Isaiah 50th Chapter and the program, followed by a question and answer period. Present were Mrs. Addie Durr, Mrs. Bill Graber, Mrs. J. A. Fonder, Mrs. F. C. Schoenfeld, Mrs. John Dulany, Mrs. M. M. Sabiston, Mrs. Assey, Mrs. Livingston and a visitor Mrs. James A. Resner.

THE JOY CIRCLE met at Mrs. Russell Tucker's home, Mrs. V. A. Boots giving the program and Mrs. Stuart Shield, the devotion. The group took up a collection for missionary project.

Mrs. J. E. Fraser was welcomed as a new member. Others present were Mrs. R. S. Burr, Mrs. S. K. Smith, Jr., Mrs. H. L. Boyale, Mrs. Charles Goodlett, Mrs. Stuart Shields, Mrs. Margaret West, Mrs. W. E. Carter.

THE ARAMINTA CIRCLE met at the home of Mrs. Ruth Thompson. The program was presented by Mrs. H. C. Post.

### Garden Club Meets

#### Today At 3 P. M.

Mrs. W. C. McDonald will present the program on Horticulture at the meeting of the Belle Glade Garden Club at the Community Club House at 3 p. m. today.

There will also be a plant exchange. Hostess will be Mrs. Robert E. Watson and Mrs. Jean F. Bacon.

### Band Parents Assn. To Meet October 16

Belle Glade Band Parents Association will meet Tuesday, Oct. 16, 8 p. m. for the regular monthly meeting at the Band Room at Belle Glade High School. All members are urged to attend.

Mrs. O. D. Moody is visiting her daughter, Mrs. W. E. McDonnell for an extended time. She accompanied her daughter and Mrs. D. R. Kemper who made the trip to visit her at Columbia, Mo. Enroute back Mrs. Kemper visited her brother in Chicago and in South Bend, Ind., they were guests of Mrs. Moody's daughter.

Work done in your home or our shop. Call for free estimate — prices are low.

GRIFFIN UPHOLSTERY 156 Avenue A

### BIRTHS

Sept. 21: Mr. and Mrs. Edward N. King (Helen Friedheim) Lake Worth announce the birth of a daughter, Eileen Louise, weight 8lb. 9 oz. at St. Mary's Hospital, West Palm Beach. Mr. and Mrs. Joe Friedheim Belle Glade are the maternal grandparents.

Oct. 2: Mr. and Mrs. Thomas Worth announce the birth of a daughter Kathy Ellen, at Belle Glade Memorial Hospital.

Mr. and Mrs. Carl Cone and son spent the weekend visiting their daughter-in-law, Mrs. Jerry Cone and children in Bradenton. Jerry is in St. Louis on a two-week business trip.

Mr. and Mrs. H. A. Beeks had as weekend guests his daughter and son-in-law, Mr. and Mrs. O'Neal Sutton and children, O'Neal, Jr., and Denise of Tampa and his daughter, Miss Judy Beeks, student nurse at Baptist Hospital, Atlanta, Ga.

Fashions in Telephones... Have Changed, Too

In the eighteen nineties when the new upright telephone was first introduced, the well-dressed woman's skirt swept the ground, and bustles were the rage.

Telephone fashions have changed, too. Today's homes include multi-extension phones, home interphones and the melodic bell chime. Businessmen rely on such modern equipment as the dial switchboard, the speakerphone and the call director. Tomorrow will bring the phone that turns on the oven while you're out, and the phone that lets you see the person to whom you're talking.

Your telephone will continue to change and improve, but Florida Southern Bell's tradition of sound management, community responsibility and dependable service remains the same. Change and stability are the hallmarks of good business. Your Telephone Company believes in both.

**Southern Bell**

## Sandra Dunlap Is Bride Of Leo James

Miss Sandra Faye Dunlap, daughter of Mr. and Mrs. Lee W. Dunlap of Lakeland and St. Leo James, the son of Mr. and Mrs. B. B. Collier of 632 N. W. Ave. G, Place, Belle Glade were married September 14 in the High Point Baptist Church in Conway, S. C.

The Rev. Emory F. Young officiated at the candle light ceremony. Music was provided by The Rev. and Mrs. Young, vocalists and Mrs. Marion Altman, pianist. Ending the ceremony the bride and groom sang together "The Wedding Prayer."

The bride wore a street length gown of silk taffeta and organza. A satin contoured cummerbund encircled the waist of the overskirt. Her only jewelry was a double strand of pearls. Her fingertip veil of illusion was

held by a satin tiara. She carried a white satin-covered Bible, gift of the groom, with pink and white feathered streamers and white satin streamers.

Mrs. James Shelley of Conway, cousin of the groom, was matron of honor. She wore a blue nylon dress with lace on the bodice. Her head piece was a circular blue veil. She carried one long stem pink carnation.

James Shelley of Conway was best man. Ushers were Michael Shelley and Charlie Frye, Jr., cousins of the groom.

The reception was held in the church social hall. Miss Shelley introduced the guests to the receiving line. The bride's table, covered in white, held the circular wedding cake and punch and bowl. Pink roses were used as the centerpiece. Those assisting in the hospitalities were Mrs. Charles Frye, cousin of the groom, Mrs. James Tompkins, Mrs. Young and Miss Peggy Ann Cooke.

## Marchettes To Perform Friday Nite Before Game

A pregame performance will be put on by the Marchettes at the Belle Glade Football field Friday night at 7:30 p. m. The Marchettes with Mrs. Rita Cunningham as instructor, including the Junior and Juvenile corps of 12 girls each will be putting on a big show.

Those in the Juvenile Corp are Karen Mathews, Cynthia Cunningham, Paula Bearden, Diane Richmond, Rene Jo Lane, Pam McClelland, Becky Wells, Shelle Burke, Brenda Markham, Cynthia Vicky, Kathy Reaser, Donna Hooks. Juniors include, Frances Collins, Dawn Hill, Laura Armstrong, Pam Busbin, Cathy Holton, Carolyn Burns, Susan Burns, Tina Lockhart, Carolyn Atkinson, Pam Motes, Crystal Clark, Susan Wells, Jamie Ward.

During the half time solos will be presented by Frances Collins and Karen Mathews. Come out early and see these talented young twirlers.

## Leathlean-Thomas Engagement Told

Mrs. James Shelley of Conway, cousin of the groom, was matron of honor. She wore a blue nylon dress with lace on the bodice. Her head piece was a circular blue veil. She carried one long stem pink carnation.

## Mrs. William J. Devane was Eugene McCabe

The marriage of Miss Mary Eugene McCabe, daughter of Mr. and Mrs. Eugene A. McCabe of Belle Glade to William J. Devane of Albany and New York City took place August 25th in New York City. The bridegroom is the son of Mrs. William Devane of Albany, New York and the late Mr. Devane. The Rev. John Farrelly performed the ceremony in St. Gregory's Catholic Church and celebrated the Nuptial Mass.

## Mothers Group To Meet Oct. 15

The Mothers Group will meet at the home of Mrs. Eddie Haines, 525 N. W. 18th St., Monday night, Oct. 15 at 8 p. m. This is the first meeting of the season and a good turnout is expected.

## Birthdays Celebrated At Barbecue Sunday

A barbecue was enjoyed Sunday at the home of Mrs. Ross Winne, N. W. Ave. L, Chosen. It was the occasion of the birthday of Mrs. Mary Eggleston and also the recent birthday of John Winne of West Palm Beach, who left Wednesday after re-enlisting in the army, for Ft. Jackson, S. C. He will be sent to Turkey in the near future.

Others present were John's parents, Mr. and Mrs. H. D. Winne, Sonny and Charles, West Palm Beach, Mrs. Mary Eggleston, her son and family, the Bill Egglestons and children, Mr. and Mrs. Chas. E. Sells and daughter Judy.

## Annette Collins Is Engaged To Charles F. Wilson

Mrs. and Mrs. W. L. Collins of 890 State Road Rd. 80, Belle Glade announce the engagement of their daughter, Elizabeth Annette to Charles Franklin Wilson, Jr., son of Mr. and Mrs. Frank Wilson of South Bay.

The bride-elect is a graduate of Belle Glade High School class of '61 and is presently attending Palm Beach Junior College in her Sophomore Year.

Mrs. Wilson also a graduate of Belle Glade High School in '60 is presently attending Georgia Southwestern College, Americus, Ga.

After finishing their art course in Rome, they plan to go to Monte Carlo and Monaco, where Mrs. Tilton will endeavor to have two rare seashells which belonged to her late husband, Mr. Clarence Tilton, identified at the highly regarded Musee Océanographique which contain the results of the deep sea research, the scientific instruments and inventions of Prince Albert I of Monaco, an outstanding scientist who died in 1925. He was the grandfather of the present ruler, Prince Rainier who is married to Grace Kelly.

After the identification of the rare sea shells is completed, Mrs. Tilton will present them to the Belle Glade Public Library. The late Mr. Tilton was a noted Conchologist. He left his valuable seashell collection, including one of the smallest Junonians in the world to the Belle Glade Public Library.

## Mrs. Tilton Leaves For Rome, Monaco

Mrs. Clarence Tilton left by jet plane last Saturday for Rome, Italy. She was accompanied by the same Art Dealers who went to Paris, London and Brussels with her several months ago.

After the identification of the rare sea shells is completed, Mrs. Tilton will present them to the Belle Glade Public Library. The late Mr. Tilton was a noted Conchologist. He left his valuable seashell collection, including one of the smallest Junonians in the world to the Belle Glade Public Library.

## LINDA LEATHLEAN

Mr. and Mrs. Edwin Leathlean of South Bay announce the engagement of their daughter, Linda Leathlean, to Joseph Robert Thomas, son of Mr. and Mrs. Fred A. Simmons of 1517 N. W. Ave. F, Belle Glade.

Miss Leathlean is a graduate of Belle Glade High School class of 1961 and is a sophomore nursing student at Palm Beach Junior College, Lake Worth.

Mr. Thomas is also a graduate of Belle Glade High School class of 1961.

Wedding plans will be announced at a later date.

## Belle Glade Personal Notes

Mr. and Mrs. P. A. Kirchman formerly living in Orlando are now residing at 173 N. E. First St., Belle Glade. Mr. Kirchman is associated in business with his father, A. Kirchman.

Recent guests visiting here several days with Mr. and Mrs. George Scarborough were Mr. and Mrs. Guy Scarborough and Mr. and Mrs. Harry Scarborough of Dublin, Ga.

Mr. and Mrs. R. E. Watson and son Gerald spent the week-end in Miami and on Sunday Gerald entered Miami Military Academy. He is in the seventh grade.

E. A. McCabe returned Sunday from a 4 days business trip to Boston, Mass.

Mrs. Joe Friedheim who has been staying most of the time for the past three weeks with her daughter, Mrs. Edward King and family in Lake Worth and new granddaughter, Eileen Louise, returned home Sunday afternoon. The baby was born Sept. 21.

Mr. and Mrs. Douglas Lockwood have taken over the management of the Waldessa Motel, for their parents, Mr. and Mrs. W. R. Collins, who moved Thursday into their new home in the North East Section.

Mrs. Ross W. Cook spent several days in Lake Wales with relatives, returning Saturday night.

Miss Esther Friedheim, accompanied by Miss Etta Mooney, Mrs. Mary Mooney and Bob McKee all of Miami came to Belle Glade for the dedication of the rectory and hall of St. Philip's Church. The Misses Mooney organized the Legion of Mary for the Spanish speaking people in the church several months ago. They also visited Miss Friedheim's parents, Mr. and Mrs. Joe Friedheim.

# NATIONAL BUSINESS WOMEN'S WEEK

October 7-13

## Our 36th Year

### Business and Professional Women's Club of Belle Glade

### Women in Business

Not so many years ago, women were seldom seen in business offices. Today one can hardly picture any business organization trying to run efficiently without its many women employees. Now, during National Business Women's Week, we salute the working women of America, who have helped us to become the most productive nation.

BETTY WILSON

Weather Service "Specifically, provision is made for expanded agricultural weather service — for Lake-lake and Fort Myers, with a full continuation of hurricane research in Miami."

Water Control "C of South Florida FCD an additional \$30,000,000 authorized."

"West Palm Beach Canal, \$3,220,000 authorized."

"South Dade County \$13,380,000."

"Cutler Drain \$2,063,000."

The Senator reports that the appropriation and the rush to get all bills through is rushing him, morning, noon and night.

As a member of the Senate Committees he spends considerable time as a member of conference committees, with arguments between the House and Senate coming in most of them.

## PUBLIC NOTICE

A public hearing will be held at the City Hall at 8:00 p. m. November 1st, 1962, for the City of Belle Glade Planning Board concerning the following:

Mrs. B. M. Fender spent the weekend in Friday guests of Mr. and Mr. Major Lee and Nancy.

Mrs. Sankey Blake of Mt. Glend, N. C. is visiting her son, Joe Blake.

Mr. and Mrs. Howell Goodbread and family spent the weekend in Vero Beach with relatives.

Mrs. L. J. Frasere has returned to her home in Daytona

Miss Jenny Austin, student at

## Food Prices Lower In PB County

Richard Pilger, Industrial Information Officer for Palm County is the source of the information that "the rest of the nation paid 3.1 percent more for the same period food that it cost in Palm Beach County" for the month of July.

Mr. Pilger complies his information from statistics of the Department of Labor in 46 cities throughout the country, on the same day.

Meats, poultry and fish were cheaper in other parts of the country than in this county by 1.5 percent.

Fruits and vegetables, fresh, frozen and canned were cheaper in this county by 6.9 percent.

## USDA Acts As "Weight Watchers" Cook Important To Calories Watchers

One of the nation's closest "weight-watchers" is the packers and stockyards division of the U. S. Department of Agriculture's Agricultural Marketing Service.

That's because, eventually, every transaction in the livestock and meat marketing fields involves an establishment of weight.

Robert D. Thompson, chief of the Packers and Stockyards Division's scales and weighing branch, sums it up this way: "Every head of livestock, every cut of meat served by the house wife, passes across some form of scale many times during the process of marketing."

"Every dollar that changes hands in the livestock industry also depends — to some degree — on a weight determined by one of the nation's thousands of scales."

"Our job in the Packers and Stockyards Division's scales and weighing branch," Thompson said, "is to see that livestock sold on the basis of weight is accurately weighed on correct scales."

Thompson identifies the three major tasks of his branch as these:

To see that all livestock scales are tested regularly at six-month intervals as required by the regulations.

To instruct livestock weighers on proper weighing practices and on their individual responsibilities.

To conduct investigations of weighing practices and correct any unfair practices discovered or reported.

Thompson points that while most men in the livestock industry try to treat others fairly and honestly, a few that are not

honest are able to take many thousands of dollars annually from "honest livestock men through illegal weighing practices."

Although scale testing is required by the Packers and Stockyards Act, Thompson said, his division does not do the actual testing.

In many states, the testing is done by state agencies. In fact, many state laws require that such testing be done by state agencies. In other states, private firms do the testing, often

under the supervision of the Packers and Stockyards Division or state scale supervisors.

meet Tempest '63...today!

how's this for exploding the myth that cars have to be expensive to look it! Tempest '63

Maybe you can tell the difference between Pontiac's Tempest (especially that Le Mans) and the high-priced jobs. Besides having a 4 that acts like a V-8, Tempest sports a new 200-hp V-8 that sits like nothing you ever saw your hands on before. And besides its beautiful balance, Tempest has Wide-Track this year. And self-aligning brakes and a tailfin that's not just for show. And all kinds of niceties that'll make your Tempest smoother and tougher. About all it doesn't have is a big fat price tag. Viva la different Pontiac Tempest

## THANKS

FOR YOUR SUPPORT IN ELECTING ME TO SERVE AS YOUR COMMISSIONER FOR THE COMING TWO YEARS.

I want each and every one of you to feel free to come to the Council Meetings with your problems at any time.

Your City Commissioner

J. C. Bowen

MAYOR KELLEY SAYS—

## "THANKS....."

for your confidence in me expressed by your vote last Tuesday.

"With the many problems confronting our rapidly growing City, I pledge my very best efforts in your behalf."

Franklin W. Kelly

# Lake Harbor Notes

By W. S. C. S. - WY 6-5186

Rev. and Mrs. J. O. Jameson spent last Monday in Wabasso. They are attending a Preschool School in Leesburg this week.

Rev. and Mrs. W. M. Brooks from Indian town spent Sunday afternoon with the Lake Newmans.

Claude Robertson and Curtis Strander of Key West Naval Base were weekend guests of Mr. and Mrs. Frank Robertson. Mr. and Mrs. R. M. Easton and family from Ft. Lauderdale and Mr. Roger Saxon and son, Kyle, from Miami were weekend guests of their mother, Mrs. R. L. Saxon.

Mr. and Mrs. Joe Crouch, David and Josephine spent the weekend in Ft. Lauderdale.

A. B. Mathis, Jr., and Mr. L.

C. Nipper spent Sunday afternoon at Ft. Myers Beach.

Mr. and Mrs. Dan Mathis spent the weekend in West Palm Beach with her parents, Mr. and Mrs. Charles Tychop. They received word early Sunday morning that Mrs. Mathis' grandmother had passed away in New Jersey.

Mr. and Mrs. C. H. Pope spent the weekend in Jensen Beach.

Mrs. C. M. Lee visited a few days this week with Mr. and Mrs. Billy Lee in Jupiter.

Rev. and Mrs. W. P. Brooks from Indian town visited with Mr. and Mrs. J. E. Hester on Sunday afternoon.

Mr. and Mrs. Pete Haulcomb visited Sunday with Mrs. Ida, a Finley and Mrs. Collie Flowers in Pahokee and Mr. and Mrs. E. A. Enfinger and family in Belle Glade.

Mrs. Opal McKinley and Mrs. Winnie Plank are spending several days with Mrs. McKinley's mother, Mrs. Ronella Sargent in Cordele, Ga.

Mrs. A. B. Mathis, Sr. is still in the Belle Glade Memorial Hospital.

## Cane Fields Indicate Full Harvest

Grant Averill produces a self-made picture of himself with a local cane field as background. The field shown here is reportedly typical of fields to be harvested by the Cooperative.

## Rogers Asks Congress Enforce Present Laws In Cuban Arms Import

Congressman Paul Rogers, asked the House Select Committee on Export Control to find out why laws and Presidential proclamation are not enforced to guarantee an air-tight embargo on US trade with Cuba, is a Finley and Mrs. Collie Flowers in Pahokee and Mr. and Mrs. E. A. Enfinger and family in Belle Glade.

"The entire matter of intensified Soviet shipments to Cuba has aroused the American public in recent weeks," the Congressman told the Committee.

He continued "as we all know help was obtained readily from many nations purportedly friends and allies of the United States. Covering the period of June-August 62 a total of 169 merchant ships flying flags of 20 free world nations made 185 trips to Cuba."

The Congressman complain-

ed that "after unloading in Cuba (ships) put into U. S. ports for profitable cargo runs to be delivered elsewhere in the world."

Mr. Rogers gave names of ships and dates of sailing from US to Cuba in violation of Congressional action and Presidential proclamation.

American food surpluses, handled under Public Law 480, "are being transported in bottoms still fresh from communist cargoes," says the Representative.

"The United States is presented with a clear and present threat from the Soviet build-up in Cuba," says the Congressman. "The weapons, armaments and personnel now in Cuba add up to a new Soviet offensive in the Western Hemisphere. This offensive is being aided by the 25 free world tankers which ran petroleum products, to Cuba in the June-August period."

Asking for enforcement of existing laws, and the condemning of "continued Cuban commerce by flagships of Britain, Greece and Italy, Mr. Rogers asked the Committee to "determine why and where America's strong feeling against allied shipping to Cuba was misinterpreted."

The speaker says "West Germany, Turkey and Norway have announced their willingness to cooperate" and he insists that definite action will bring others into line.

## Committee Ch. Appointed For Elementary PTA

The following committee appointments have been made for the 1962-63 year. Committees on Organization: Budget and Finance, Mrs. W. Pears; Hospitality, Mrs. M. J. Luce; Membership, Mrs. J. Kinlaw; Parliamentarian, Mrs. S. S. Lovell; Pre-School, Mrs. D. Sellers; Program, Mrs. B. G. Smith and Dr. H. L. Chapman; Publicity and Public Relations, Mrs. N. Nelms; Room Representatives, Mrs. H. Lamb; and Publications, Mrs. D. Moses. The following were appointed to head Committees on Education: Character and Spiritual Education, Mr. W. Thibault; Exceptional Child, Mrs. H. Close; Health and Mental Health, Mrs. J. A. Baker; Junior Red Cross, Mrs. R. Roth; Reading and Library Service, Mrs. L. Ruff; and Safety and Civil Defense, Chief C. Goodfetti.

In announcing these committees and chairman, Dr. J. R. Oreniggi urges all interested parents to contact chairmen of committees on which they wish to serve. Willing, cooperative parents will strengthen the PTA program and through it, promote the welfare of children and youth in home, school, church and community.

## Glades Alcoholic Retailers Fined For Law Violations

It is reported that Juanita Tavera, South Shore Camp US Sugar has drawn a 15-day suspension for allowing beer to be consumed on the premises and that lottery paraphernalia was in possession of an employee.

Club 27 U. S. Highway 27, Lake Harbor drew a 30-day suspension for violating five separate provisions.

The Glades Club at Pahokee got a 450 fine for permitting consumption of alcoholic beverages after legal hours.

Pres. Bill Rhodes Accepts Citation For Ur Alumni Club

The University of Florida alumni club of Belle Glade was honored at Gainesville last weekend when William Rhodes, its president, was awarded a citation by the Alumni Association.

Rhodes accepted the citation on behalf of the local club for its work in the Loyalty Fund Drive which supports student scholarships at the University of Florida. It was presented at a luncheon where he was an honored guest along with the other presidents of 24 local alumni clubs.

The University of Florida paid special tribute to the local club presidents during half-time ceremonies at the Florida-Georgia Tech football game.

## John Causey, Jr. Elected President Junior Cattlemen

The Junior Cattleman's Association elected as president for the new year, John Causey, Jr., of Belle Glade at a meeting conducted at the agriculture building at Pahokee High School.

Other officers elected were vice-president, Billy Sheffield, Pahokee; secretary, Miss Peggy Bitting, Canal Point; treasurer, Lilly Miller, Pahokee. Teddy McCall of Canal Point was the outgoing president.

"Grades of Beef and Dairy Cattle" was the topic of Kent Price, associate County Agent and Harold Broyles of Bean City. They also outlined the origin and characteristics of various breeds of cattle.

More than 40 young people of the Glades area attended the meeting. The association voted to meet the first Monday night of each month.

## Floridians Buy 160,186,089 Gals. Gas During Sept.

State Comptroller Ray E. Green reported today gasoline tax collections for September totaled \$11,158,008, an increase of 9.5 percent or \$871,728 over the same month last year.

The Comptroller said September collections topped those of last August by 2.48 percent, or \$368,239. The increase for the first quarter of the current fiscal year over the same period last year is 7.9 percent.

A total of 160,186,089 gallons of gasoline was sold during August.

## Employ The Handicapped Week

Governor Farris Bryant today urged employers to employ capable handicapped workers in observance, October 7 through the 15th, of Employ the Handicapped Week in Florida.

Bryant said that handicapped persons have proven time and again they have the ability to make good in jobs for which they are fitted.

Referring to the thousands of handicapped persons who are now holding jobs, Florida's Chief Executive stressed that

handicapped workers "are just as reliable, just as steady, just as careful, as their able-bodied fellow workers. They are equally productive, and in some cases more productive than other employees."

Governor Bryant continued: "These people are ready, willing, and able to do a job for you—a job based on their ability, not their disability."

"It is good business to hire the handicapped," he said.

## For better crops ... Agricultural Chemicals by CHEMAGRO

## Outstanding Fungus Control!

Durene effectively combats early blight, late blight and Rhizoctonia ... Greatly increases Crop Yields ... Upgrades Quality

Durene is so effective that significant increases in both crop quality and yields usually result from its use. In 6 years of cooperative research and commercial use, Durene has proved its outstanding

control of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Durene will not harm foliage ... does not affect flavor or odor ... leaves no harmful residue. For finer celery and more of it, use Durene. It works! At your farm supply dealers.

## GO "first class" ... GO ELECTRIC!

... IT'S CHEAPER, TOO!

For modern Convenience and Comfort get a NEW flameless

## ELECTRIC WATER HEATER

**SUPER-FAST!** Now quick-recovery, flameless Electric Water Heaters can deliver as much hot water in 24 hours as the average family uses in two full weeks. The heat water faster ... keep it hot longer. Always dependable. The heat is needed in ... it's wanted up the fun.

**SUPER-SAFER!** No flames ... no fumes ... no constant-burning pilot light. No noisy "blast-on-blast-off" sounds. Safe and silent as a light bulb. Children can play around it without the slightest fear. You never have to be "on guard" ... and peace of mind is priceless.

**GLANIER!** A flameless Electric Water Heater can never die with carbon residue produced by an open flame. No flames, no soot, no combustion products.

**CHEAPER, TOO!** Costs less to buy, less to install, and is cheaper to operate. Install that your next water heater be ELECTRIC.

NO FLUES OR VENTS NEEDED

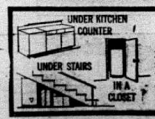

Round, square, or counter-top models can be installed anywhere ... for shorter pipe runs and added economy.

More than a million Florida families have "switched" to flameless Electric Water Heaters. Ask your neighbor.

See the new models. Visit your electric appliance dealer, plumber or electrical contractor today.

A flameless Electric Water Heater is included in every installation.

## Two Belle Glade Youths Enrolled At Bridgewater

Robert Young Creech, III and Frankie Lamar Barbee, both of Belle Glade, Florida, have enrolled in the Freshman Class at Bridgewater College, Bridgewater, Va., for the session of 1962-63.

Young Creech, a graduate of Belle Glade High School, is a son of Mr. and Mrs. R. Y. Creech, Jr., 608 Canal Street, Belle Glade. Young Barbee, also a graduate of Belle Glade High School, is a son of Mr. and Mrs. J. D. Barbee, 316 N. W. 12th Street, Belle Glade.

The Freshman Class at Bridgewater numbers 228. The total enrollment is 856, an increase of slightly more than two percent.

As every thread of gold is valuable, so is every moment of time.

## BIRTHS

Sept. 18: Mr. and Mrs. Shelton Poole (Shirley Drawdy) announce the birth of a daughter, Denna Christine, at Good Samaritan Hospital, West Palm Beach. Mrs. Bell Poole, Belle Glade, is the paternal grandmother and Mr. and Mrs. H. L. Drawdy of West Palm Beach are the maternal grandparents.

A 1-c and Mrs. William E. Carter (Mary Sue Winters) announce the birth of a son, William E. Carter, Jr., at Sarasota General Hospital on Sept. 20. Mr. and Mrs. W. E. Carter of Belle Glade are the paternal grandparents.

Oct. 1: Mr. and Mrs. Cornelius Bryant, announce the birth of a daughter, Martha Ann at Belle Glade Memorial Hospital.

Sept. 11: A-1c and Mrs. Eddie Robinson announce the birth of a daughter Patricia Ann weight 8 lbs. 3 oz. at Matsuya, Japan. Ruth and Johnnie Robinson of Belle Glade are the paternal grandparents.

## Rockin Chair Money Decreasing Monthly Says Worley Brown

Unemployment Compensation payments to Florida jobless in August were almost a million dollars below August 1961.

State Industrial Commission Chairman A. Worley Brown today reported August payments at \$4,168,479 compared to \$5,005,946 in August 1961.

Brown said, "The seasonal monthly increase of \$801,064 in August from July was well under the July increase and we expect these monthly increases to be wiped out by the fall business pickup."

Both Palm Beach County offices were "up" — Belle Glade up \$3,516 to \$16,613 and West Palm up \$14,622 to \$141,137.

Key West was down — down \$1 to \$14,318.

## How a Shell research team got 168.47 miles per gallon

A Shell research team drove this car to a Mileage Marathon record. They used the same Shell fuel that could be bought at Shell stations.

168 miles per gallon must be a world record. Here's how the record was made—and how a quiet marriage of careful driving and today's Super Shell can help you get better mileage.

SOME years ago, a group of Shell scientists had a friendly argument. The gist of it: who could get the most miles from a gallon of gasoline. They decided to find out. And Shell's Mileage Marathon was born.

All contestants had to use the same gasoline anybody could buy at a Shell station. Beyond that, the Marathon had few rules. And ingenuity ran wild.

Here are some of the things that Dave Berry and Fred Schuette, the winning team, did to set their record.

None are recommended for informal motorists. But they do offer a few clues on how to get more miles per gallon.

Berry and Schuette removed their engine cooling fan to save power and muffled their radiator to retain heat.

They used tires worn smooth and pumped up to 50 pounds pressure to cut rolling friction to a minimum.

On the road, they accelerated to 20 miles per hour, cut the ignition and rolled until speed dropped to 5 miles per hour. Then they repeated the cycle.

NOTE: they used a standard carburetor

from an old one-cylinder engine.

Since "on-and-off" driving is illegal on public roads—and since most Marathon modifications are dangerous for normal use—you may wonder if Shell's Mileage Marathon had any point.

Indeed it did. In the months of preparations, every contestant learned a bit more about the care and feeding of automobiles. Knowledge of this sort gets passed along to you in the form of better Shell products for your car.

EXAMPLE: As a result of Shell's research studies, including many mileage tests, one of the 9 ingredients in today's Super Shell is a mileage-booster called Plateformate. This ingredient alone can release up to 8 percent more energy per gallon than the finest 100-octane aviation gasoline.

Result: extra mileage.

To help boost mileage even more, follow these driving tips from Berry and Schuette.

How you can save gasoline

1. Don't race your engine when standing still. Unnecessary engine speed is pure waste and takes you nowhere.

2. Avoid jackrabbit starts. Fast getaways waste gasoline and power.

3. Drive at moderate speeds. Your car uses about 25 percent more gasoline at 65 mph than at 45 mph.

4. Keep an even speed. Ragged driving uses extra fuel—without taking full advantage of the power it could generate.

5. Pace yourself in traffic. Don't be the fastest or the slowest. You'll just be trapped into wasteful spurts and slowdowns.

6. Keep tires up to their proper pressure. Soft tires can soak up power.

7. Ask your Shell dealer about these checks: Spark timing should be set correctly. Fuel filters and air cleaner should be cleaned regularly. Brakes should be properly adjusted. And your cooling system thermostat must work right.

Motorists who follow these rules, and use Super Shell, can expect good mileage. Chances are, you can improve the mileage you are now getting. Now that you know how, why not give it a try?

## Where to get Super Shell, the gasoline that contains a mileage booster

(The gasoline with 9 ingredients for top performance)
